Cattle in the Woodlands

Excelsus/Sanjika Growth Test Bulls, Excelsus Vichy (P) & Sanjika Jimsu and Proman son Sanjika Arc

INA086 Sanjika Wenner, A chip off the Old Sanjika Sharks Block

Wenner has transformed from a cute broad little teenager to a full fledged stud. bull. Wenner is one of those bulls that has always stood apart showing great potential from a small calf. He has great temperament being Ian Currin Jnrs first Simmentaler show bull that stood well in Lichtenburg and the Vryburg shows. Never the less Wenner remains the bull of the yard and stands back for nothing on the farm.

Wenners first calves will be here in August
