

# His Progeny Work In Every Arena

We've been telling you about Sargeant for quite sometime and the news is getting better and better with each calf crop. Sargeant, who is solid red, is sired by MV Red Light and you can readily tell his EPDs are desirable—he's a curve bender and has weaning and yearling pounds to burn. His calves are the talk of the show circuit, with major wins at the International in Houston, State Futurity and American Junior Simbrah Roundup. All four Houston International Calf Champions were sired by Sargeant.

His daughters are coming into production and we couldn't be more excited about their potential and his bull calves are in demand as herd sires.

Sargeant semen is available for foreign sales only, but we invite you to contact the owners about his progeny. His calves work in every arena and are taking the Simbrah breed to a new level of excellence.

## NF SMITH SARGEANT

CE	BW	WW	YW	MCE	Milk	MWW	CW	YG	Marb	BF	REA	API	TI
3.1	1.4	45.0	70.5	0.0	-1.2	21.2	-3.4	0.08	0.19	0.00	-0.32	79.0	66.0

Sargeant is in the top 15% for birth weight  
 Top 1% for weaning weight, yearling weight, marbling and TI  
 Top 10% for backfat and API  
 Top 20% for maternal weaning weight
